Dear Salida School District Community,

Salida School District is pleased to announce the availability of our 2009-2010 Annual Report to the Public. Every year, school districts in Colorado report about their performance to their communities, based on requirements in the *No Child Left Behind Act*.

Most of the information required by federal law is now available on the Colorado Department of Education's Web site in the SchoolView Data Center www.schoolview.org/performance.asp. The remaining information will be available in the Data Center in coming months. Our district will notify you when the additional information becomes available.

The SchoolView Data Center for Salida School District includes the following information, except as noted:

Assessment Data

1. CSAP results by grade level for each school and for the district. Results are disaggregated by race/ethnicity, English language learners, economically disadvantaged students and students with disabilities.
2. School and district CSAP performance for the last two years, compared with the state of Colorado as a whole.
3. CSAPA results (for students given the alternate assessment), if applicable.
4. National Assessment of Educational Progress results for Colorado students as a whole and disaggregated by race/ethnicity, English language learners, economically disadvantaged students and students with disabilities¹.

Accountability Data

1. Adequate Yearly Progress (AYP) results. Adequate Yearly Progress is the federal accountability measure for schools and districts under the No Child Left Behind legislation. The report includes the overall AYP determination for schools and districts as well as their specific AYP results.
2. The names of schools in your district that are identified as Schools on Improvement under No Child Left Behind.

Teacher Quality Data²

1. The percent of classes not taught by Highly Qualified Teachers, and disaggregated by high and low poverty schools.
2. Information about teachers including the professional qualifications of teachers, and the percent of teachers with emergency licenses.

School information is posted on the district's Web site here: <http://salida.k12.co.us/>. If you would like a hard copy of this information, please contact Starr D. Hill at shill@salida.k12.co.us or 719-530-5469.

Thank you,
Starr D. Hill

Director of Teaching and Learning
Salida School District

¹ National Assessment of Educational Progress results will become available in coming months. The District will notify you when the information is available.

² Teacher Quality Data will become available in the coming months. The District will notify you when the information is available.
