The administrative salary schedule was revised following the mill levy that was passed in November 2008. Any new administrative openings will be advertised with step 1 of the year that the opening occurs. At the time of the initial contract with the school district, any additional steps based on experience or merit will be considered. Highlighted areas include 12% MLO (6% 2008-09, 6% 2009-2010, and 3% 2010-11) As that individual moves steps the vacated step will be realigned with the appropriate increase amount.
