

South Side Conservation District

258 Center Drive, Glenwood Springs, CO 81601
970-945-5494 ext 105

EDUCATION GRANT

Relating to Natural Resources Conservation

PURPOSE: The South Side Soil Conservation District is offering funds to develop new or enhance existing education programs in the local schools. This program funds projects that compliment the Agriculture, Conservation and Environmental subjects but is not limited to these areas.

TYPES OF GRANTS: Matching for –
Improvement or purchase
Project / Program support

RESTRICTIONS: Generally the South Side Conservation District does not make grants for annual operating expenses, to purchase tickets for events, fund individuals, or support fundraising projects. The District will not make a grant to organizations which, in policy or practice, unfairly discriminate by sex, race, national origin, or creed. The District requires a 25% sponsor match for the grant. (Example of matching source: School, service organization, business or other grants. Can be dollar amount or in-kind services)

FINANCIAL DATA:

Total grant amount - \$500.00
